At Trinity, we create a nurturing environment where the curriculum is designed to enhance a child's social, developmental, academic, and artistic skills.
Each child is special to us and we believe it is very important to build good character, cultivate imagination and develop the motivation to learn. Our school provides a gentle atmosphere where children can learn to feel secure in their first experience in a group setting of the classroom.

Our Mothers' Morning Out Program accommodates the needs of children, still in diapers, from 22 months to 3 years of age.
